APPLY TODAY

Typically, eligibility for the benefit can be met as long as three factors exist:

SERVICE:

The veteran has served 90 consecutive days in the service, with at least one day during a qualifying war period

DISCHARGE:

The veteran received a discharge other than dishonorable

HEALTH:

The veteran is disabled and unable to work OR 65+ and in need of assistance

The remaining eligibility factors are financial, and can be met through restructuring assets and income.

Please be aware that submission of an application that does not meet the correct financial criteria can cause a delay of benefits up to 12 months.
