OUR CRAFT:

- ✓ With nearly 30 years in the industry, Atlanta Home Theater has designed, constructed, and installed some of the best home theaters in the world.
- ✓ We offer 100% in-house drafting design / construction buildout / acoustical treatments / calibration services / installation and programming A-Z one stop shop.
- ✓ We're One of only 2 dealers in the US that offer Infrasonic subwoofers and the entire line of Ascendo speaker products.

" We have used AHT for three major projects, including a home theater and control 4 systems. They have always done a wonderful job and are very creative. We have had many techs to the house and they are very professional and timely. Calls are returned promptly and jobs are completed timely also. I would not hesitate to recommend AHT.

KRISTIN W.

HOME THEATER ADVANTAGE

We pride ourselves on being the go-to experts for custom home theater projects. Our dedicated team of professionals brings a wealth of knowledge and experience to every project, ensuring that each client's vision is brought to life with precision and excellence.

From cutting-edge technology and immersive sound systems to meticulous attention to detail in design and installation, we provide features that guarantee an unparalleled home theater experience.

With a focus on innovation, efficiency, and customer satisfaction, working with us means receiving the latest advancements in the industry and a truly personalized home theater that exceeds expectations.
